Beautiful wooden garden tubs which are designed  
to give lasting pleasure to the enthusiastic gardener.

## WE'RE A FAMILY BUSINESS.

Since our inception, our experienced craftsmen have been manufacturing our renowned wooden garden tubs from recycled oak whisky casks, all of which are designed to give lasting pleasure to the enthusiastic gardener.

Whisky barrel planters have been popular in the garden for many years. Whisky barrels have always been a popular choice for collecting rainwater, which can then be stored and used to water your plants and keep your garden looking lush and green, especially during a dry summer season.

Whisky planters are an ideal addition to any rustic style garden or outdoor space, and make ideal patio planters.

We are a small, privately-owned family business, and the majority of our staff have over twenty years experience in the Barrel Making industry. Our aim is to provide a perfect working partnership between supplier and customer at all times.

## EXCEPTIONAL GOODS AND SERVICE.

We do not use agents or reps, as we prefer to go to trade fairs such as Four Oaks & Glee to build up our customer database. We prefer this method of trading as it gives our customers a chance to see the goods in person before they decide to make a purchase. It also provides people with the perfect opportunity to meet our friendly, helpful staff to discuss any queries that they might have.

Our goods are of exceptional quality and we provide free delivery of our products within the UK. Our sales personnel endeavour to maintain the highest possible level of customer service at all times - as you would expect from an established company such as ourselves.

We also export our goods to other countries if required, and our shipping rates are very competitive. For further information about this service, simply let us know.

## HALF BARRELS.

Ideal for the low maintenance garden, our half barrels are our best selling product. They are traditional rustic planters which complement all types of bedding plants, and they are sure to add character to any outdoor space.

### Half Barrel Dimensions:

|                         |                                                   |
|-------------------------|---------------------------------------------------|
| Half Barrel Double Cut: | 64cm x 38cm ( 25.5" x 15")<br>Pallet Quantity: 24 |
| Half Barrel Single Cut: | 64cm x 45cm (25.5" x 18")<br>Pallet Quantity: 20  |

## HALF HOGSHEADS.

Our half hogsheads are perfect for larger rooted plants. They are also suitable for grow-your-own, and are ideal for water gardening. Our half hogsheads, like all of our products, will imbue your garden with a touch of real rustic beauty.

### Half Hogshead Dimensions:

|                           |                                                  |
|---------------------------|--------------------------------------------------|
| Half Hogshead Double Cut: | 73cm x 38cm (28.5" x 15")<br>Pallet Quantity: 21 |
| Half Hogshead Single Cut: | 73cm x 43cm (28.5" x 19")<br>Pallet Quantity: 18 |

## HALF BUTTS.

If you need a planter in which to grow specimen trees, look no further than our half butts. As well as being a perfect and stylish solution for growing fruit trees, our half butts are also ideal for grow-your-own and water gardening.

### Half Butt Dimensions:

|                       |                                                  |
|-----------------------|--------------------------------------------------|
| Half Butt Single Cut: | 90cm x 65cm ( 35.5" x 25")<br>Pallet Quantity: 6 |
|-----------------------|--------------------------------------------------|

## SETS OF 3 TUBS.

Handmade by our experienced craftsmen, these stunning sets of three tubs are ideal for group displays. They provide the perfect way to add a splash of colour and 'Olde-Worlde' charm to any outdoor area, including small patios.

### Sets of 3 Tubs Dimensions (16 mixed sets per pallet, or individually palletted as below):

|             |                                                |
|-------------|------------------------------------------------|
| Small Tub:  | 40cm x 33cm (16" x 13")<br>Pallet Quantity: 40 |
| Medium Tub: | 50cm x 33cm (20" x 13")<br>Pallet Quantity: 30 |
| Large Tub:  | 57cm x 33cm (22" x 13")<br>Pallet Quantity: 24 |

## FLATBACKS AND BARREL TUBS.

Our beautiful flatback tubs are perfect for planting against walls on patios or driveways, whilst our hand-crafted barrel tubs are a herb grower's dream. Ideal for this purpose, they are suitable for small gardens, balconies and patios.

### Flatback and Barrel Tub Dimensions:

|               |                                                                |
|---------------|----------------------------------------------------------------|
| Flatback Tub: | 64cm x 38cm x 33cm ( 25.5" x 15" x 13")<br>Pallet Quantity: 30 |
| Barrel Tub:   | 46cm x 33cm (18" x 13")<br>Pallet Quantity: 30                 |

## WHOLE BARRELS AND BARREL TAPS.

Our whole barrels are completely watertight, and as such are ideal for rainwater harvesting. Available in various sizes, they can be supplied with traditional 20cm (8") wooden barrel taps and removable lids with handles if required.

### Whole Barrel Dimensions:

|                 |                                                   |
|-----------------|---------------------------------------------------|
| Whole Barrel:   | 65cm x 90cm (25.5" x 35.5")<br>Pallet Quantity: 8 |
| Whole Hogshead: | 72cm x 95cm (28.5" x 37.5")<br>Pallet Quantity: 5 |
| Whole Butt:     | 90cm x 125cm (35.5" x 49")<br>Pallet Quantity: 1  |

## CRADLES.

One of our personal favourites, our lovely cradles make fantastic centrepieces for patios. Ideal for herb and salad growing, these gorgeous planters will give your garden a beautifully contemporary yet natural and traditional focal point.

### Cradle Dimensions:

|         |                                                             |
|---------|-------------------------------------------------------------|
| Cradle: | 90cm x 65cm x 65 ( 35.5" x 25" x 25")<br>Pallet Quantity: 8 |
|---------|-------------------------------------------------------------|

## PRODUCT CARE.

All of our water barrels and garden tubs are produced from American or European oak. It is recommended that these products are stored externally and kept moist/wet to prevent shrinkage until filled.

Due to the hand-crafted nature of our items, all sizes are approximate. Goods are supplied palletised and shrink wrapped for transport. Shrink wrap should be removed on delivery and the goods stored outside.

Wooden taps are supplied for whole barrels; we do not fit taps due to the possibility of damage during transit. We recommend that the customer drills a 22mm hole on the barrel and the tap should fit easily.

Should you have any further questions about product care, please do not hesitate to contact us.
